

BGIS ANNOUNCES NICK RIEWOLDT APPOINTED TO THE BGIS ADVISORY BOARD

BGIS, a global leader in integrated facilities management, is pleased to announce the appointment of Nick Riewoldt to the BGIS Advisory Board. Nick brings more than two decades of excellence in health and wellness and enhancing the operation and experience of public facilities and infrastructure.

Nick is a former Australian rules footballer who played for the St Kilda Football Club based in Melbourne, Australia. Nick is an Australian Football League Champion, a five-time All-Australian, and holds many honours and athletic records.

In 2015, Nick co-founded, and currently serves as a director of, Maddie Riewoldt's Vision, which is a registered charity that funds research that accelerates next generation prevention, diagnosis, and treatment of Bone Marrow Failure Syndromes, while supporting patients and families. Nick is also the owner of a Body Fit Training business that uses science and technology to drive positive health outcomes.

Most recently, Nick has held leadership roles at PMY Group, a leading technology company that specialises in technology solutions to infrastructure, public venues, and major events and Nick is currently an AFL commentator and leadership consultant.

Gordon Hicks, C.M., Chief Executive Officer of BGIS, stated, "Nick is an inspirational leader and I am excited for him to work with the BGIS team in this role. Nick's knowledge and experience are aligned to our corporate strategy to influence the health and wellbeing of our employees and clients globally."

Nick Riewoldt stated, "I am thrilled to be joining the BGIS Advisory Board. I am excited about the opportunity to collaborate with such a dedicated team and contribute to BGIS values and culture focused on growth, innovation, health, and wellness. I look forward to working together with the BGIS team, to create impactful strategies and outcomes that support its mission."

BGIS is a global leader in the provision of facility management, project delivery, energy & sustainability, asset management, workplace advisory, and real estate services. Established in 1992, BGIS has office locations in the US, Canada, UK, Australia, and New Zealand.

With a combined team of more than 12,000 globally, BGIS relentlessly focuses on delivering innovative service solutions that create value for its clients. Globally, BGIS manages more than 50,000 facilities totaling over 5.5 million square metres (600 million square feet) across several markets including government, higher education, utilities, telecommunications, financial services, oil & gas, healthcare and cloud enterprise.
